“The National College is now your College”

Steve Munby, CE of the National College, at the NGA Annual Conference 2011

FREE: Leading governors: training workshops

The College is providing a series of free regional workshops in February and March. These will include an opportunity to consider the national policy agenda in an interactive session with Robert Hill, author of 'Governance in the future educational landscape'. NGA will lead a working session focusing on 'What does good governance look like?'.

You will also be able to preview the leadership development offer available later this year and ways in which National Leaders of Governance can support your school.

£2,000 School improvement grants

How can governing bodies share their examples of best practice or learn from those who have directly contributed to school improvement?

The College has one-off grants available to support schools in sharing their experiences of, and best practice in, governing bodies contributing towards school improvement.

Schools, local authorities and teaching schools can apply now via our website. The deadline for applications is 25 February 2012.

“The College’s new remit provides us with a really exciting opportunity to recognise the talents we have and to develop chairs as school leaders”

Chair of governors, Oxford

Become a member
